Specification for 210W LED Street Light	
Issued on July 19, 2013	
Reference Photo	
Nominal Power	210W
System Power	216W
# of LEDs	98 LEDs, 7 modules
Delivered Lumens@5000K:	19440m
LED Color Temperature	3000K/4000K/5000K
Color Rendering Index	Ra>70
Light Distribution&Lens Kit Options	A2M111/ A2M113
	A3L112/ S1M111
Dimension	L874 * W346 * H102mm
Weight	12.6kgs
IP rating	IP65
Working Voltage	100-277 VAC 50/60Hz
Power factor	>0.95
Operating temperature	~40°C to +55°C
Dimmable	Available
Photocell	Available
Timing	Available
Housing	Die cast aluminium alloy housing
	Extruded aluminum alloy heat sink
Warranty	5 years
