

ATLAS | Solar Bollard Light

Introducing the ATLAS, a high-quality solar lawn lamp that excels in vandal resistance and boasts a stunning aesthetic design. Perfect for public lighting, its head is crafted from super weather-resistant plastic material by the renowned brand SABIC, ensuring exceptional anti-aging, anti-UV, and non-yellowing properties.

The ATLAS solar lawn lamp is versatile and suitable for various applications such as walking paths, villa pathways, camping sites, and backyards. It offers the advantages of simple installation, maintenance-free operation, and a long service life. Among similar products on the market, the ATLAS stands out with its superior quality, consistently performing best in all product tests.

LiFePO4 Battery

4 Intelliegent Control

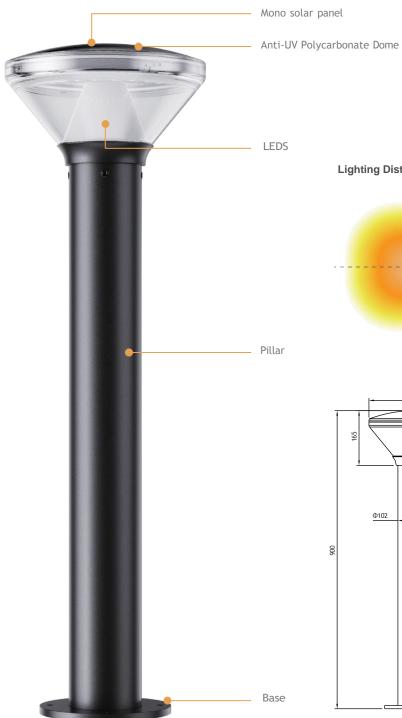

High brightness LED beads

Biodiversity Protection

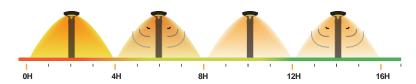

IP65 Waterproof

Working Mode

Lighting Distribution Pattern

2 hours 100% power without motion sensor 5 hours 30% power + 70% power when sensor is triggered 4 hours 20% power without motion sensor

6 hours 10% power + 40% power when sensor is triggered

36 hours backup with fullly charged battery

LiFePO4 battery inside

more than 10 years lifetime

LED power is automatically adjusted to save energy.

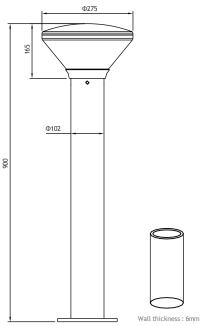

Equipped PIR motion sensor to save energy

Dusk to Dawn automatically ON/OFF

High luminous flux output up to 280lm perforance

Model ATLAS

Lighting performance	1.5W >280lm
Solar panel	5V 6.2W
Product size	Φ 275*900mm
CCT	2200K~6500K
LiFePO4 battery	3.2V 12AH
Charge & discharge time	5 & >24 hours
Fixture color	Black / Grey
Certificates	CE IP65 IK10
Waranty	5 years
